Leather straps w/grommet reinforced holes

5299

5288

Buckingham Canvas Nut & Bolt Bags are made from top quality, heavy cotton duck. Some nut & bolt bags are made of durable 6oz. leather. All bags have reinforced tops, drain holes and attachment straps.

**4573**

10" (25cm) deep x 9" (23cm) wide.  
Same as 4570 but with reinforced vinyl bottom.

**4570**

10" (25cm) deep x 9" (23cm) wide.  
U-shaped with no bottom corners to trap small parts.

**45701**

10" (25cm) deep x 9" (23cm) wide.  
Same as 4570, but with inside pocket (5" x 4") and 1" friction buckle on straps.

**45100**

9" (23cm) deep x 9" (23cm) wide.

**4574**

9" (23cm) deep x 9" (23cm) wide.  
With rigid vinyl liner to keep pouch open.

Above bags are available in black canvas and heavy duty orange or yellow coated nylon. Add Y (for yellow), O (for orange) or B (for black canvas).

**5299**

A strong pliable lightweight leather, ideal for maintenance and repair work.

**52993**

Same construction as 5299 except with 3 inside pockets to store wrenches or screwdrivers.

**5288**

Same construction as 5299 except has a tunnel piece to slip on belt.

Above bags are available in black, brown or burgundy. Brown is standard. Add BL (black) or BU (burgundy) to end of model number for requested color.

**5302**

Made of heavy leather for long service and hard usage. This bag is considered a "must" by most linemen. With one of these spacious bags on your belt it is possible to carry loose tools, and connectors and remove with gloved hand.

Heavy cotton straps w/ dee rings and quick connect snaps
