

Blowers and Accessories

Confined Space Examples:

- | | | | |
|----------|---------|-----------|----------------|
| Manholes | Vaults | Pipelines | Sewage Systems |
| Trenches | Welding | Silos | Storage Tanks |

AC & DC 8" Axial Blowers & 16" Axial Blowers

8" Axial Blower

- Available in AC and DC models
- Extremely light weight
- Highest output available from an 8" axial blower (1275-582 cfm)
- 15' or 25" ducting stores into built in canister
- Extremely light weight

16" Axial Blower

- Available in Standard and High Output models
- Excellent for ventilating large confined spaces
- Cfm from 4400 to 2300
- Stackable

<u>Mfr Number</u>	<u>Description</u>
9514	AC Axial w/ 15' ducting
9514-25	AC Axial w/ 25' ducting
9506-01	DC Axial w/ 15' ducting
9506-25	DC Axial w/25' ducting
9515	16" Standard
9516	16" High Output

Centrifugal Blowers

- Designed with tough polyethylene housing
- Two 8" ports for either positive ventilation or fume extraction

- Sturdy metal base for greater stability
- Built-in carry handle for portability

Standard and High Output Blower

- Electric motor cage-enclosed for protection
- Standard cfm 1066-745, High Output cfm 1570-900

Gas Blower

- Two quarts of gas will power for 2-3 hours
- Includes 10' metal exhaust hose
- Cfm 3000-1350

9500-35	Storage rack for 8" duct
9500-15	15' of 8" ducting
9500-25	25' of 8" ducting
9600-36	Storage rack for 16" duct
9600-15	15' of 16" ducting
9600-25	25' of 16" ducting
9500-01	8" duct to duct connector
9600-01	16" duct to duct connector

Manhole Lid Lifter

- One piece lifter
- All steel handle
- Alloy steel hook recesses and locks into pole for safe storage
- Rubber grips on handle and foot prevents slips
- 42" long 19 lbs

Manhole Guard Rail

- Protects a 33"x 33" area
- One inch tubular steel construction
- Powder coated yellow
- No-tools assembly
- Accommodates signs, flags or lights

<u>Mfr</u>	<u>Part Number</u>	<u>Description</u>
	9401-20	Manhole Lid Lifter

<u>Mfr</u>	<u>Part Number</u>	<u>Description</u>
	9401	Manhole Guard Rail

Dewatering & Sludge Pumps

- Portable, submersible
- For use in manholes vaults, construction sites
- Top discharging allows continuous operation
- Includes synthetic rubber wear parts
- Vortex impeller
- Fire hose style quick connect

<u>Mfr</u>	<u>Part Number</u>	<u>Description</u>
	9404-01	Deluxe Pump
	9404-02	Standard pump
	9404-03	Low Water Pump
	9404-04	Sludge Pump
	9404-50	Pump Discharge Hose

Deluxe Work Tent

- Features quick set-up from inside or outside
- Roll up flap for easy transport and storage
- One or two door design
- Outside high visibly reflective stripe
- Excellent in windy conditions
- blower duct tube in rear of tent
- Covered window
- Pitch roof for extra head room

<u>Mfr</u>	<u>Part Number</u>	<u>Description</u>
	9401-66	6'd x 6'w x 6 ½'h 1 door
	9401-86	8'd x 6'w x 7 ½'h, 1 door
	9401-88	8'd x 8'w x 7 ½'h, 1 door
	9402-66	6'd x 6'w x 6 ½'h, 2 doors
	9402-86	8'd x 6'w x 7 ½'h, 2 doors
	9402-88	8'd x 8'w x 7 ½'h, 2 doors
